Foolproof milk froth nozzle is designed to create perfect froth every time, so everyone can be a barista!

15 Bar pump:

The ideal pressure for the perfect 'crema' head

Extra height clearance:

Height clearance of 10cm under the filter holder, for larger cups and mugs

Ground coffee or ESE pods:

Use ground coffee beans or opt for no-mess ESE coffee pods

Drip tray with non-slip mat:

Convenient pop-up indicator instantly reminds you that the drip tray needs emptying

1.5 litre removable water tank:

Extra large water tank requires topping up less frequently

40 second warm-up time:

From cold to ready-to-go in 40 seconds, making the Espresso a fast worker

Thermobloc

The Dualit Coffee System features a unique Thermobloc water heating system. Similar to a combi-boiler, it allows the user to heat water and steam instantly and continuously, for lashings of froth for your coffee. The result? Less waiting time, more drinking time.
